Scores of Organizations Urge Senate Approval of Charter As Hearing Nears Close

BARKLEY IS CONFIDENT

Washington, July 12.—(P)—Representatives of a score of organizations urged senate ratification of the United Nations Charter without change today as the foreign relations committee brought its hearing toward a close.

Dr. Helen Dwight Reid spoke for a dozen major groups in behalf of the Charter but she declared that its usefulness "depends on the quality of our participation."

Dr. Reid was listed as spokesman for the American Association of University Women, the Association for Childhood Education, the General Federation of Women's Clubs, the Girls' Friendly Society of the U. S. A., the National Board of the Y. W. C. A., National Congress of Parents and Teachers, National Council of Jewish Women, National Education Association, National Federation of Business and Professional Women's Clubs, National Service Star Legion, National Women's Trade Union League, United Council of Church Women.

Ulic Bell, of Washington, submitted for American United for World Organization a statement pleading for "quick ratification," asserting that "this country has been unable to escape involvement in wars—it should try involvement in peace."

The National Education Association's views were presented by William G. Carr, secretary, in a statement which noted that the group is "proud" of its endorsement of the League of Nations covenant in 1919 and extends the same support to the new treaty.

The hearings opened with what the committee expected to be the last opponent on the list, Thomas J. Reardon of Hartford, Conn., asserting that the charter compels "a fundamental change in the constitution of the United States" and therefore is "improperly before this committee."

Democratic Leader Barkley (Ky.) told a reporter it now appears to him there may be no negative votes on ratification.

Paipally unimpressed by the arguments of 15 opposition witnesses yesterday that the charter destroys American sovereignty and is in fact only a military alliance, committee members arranged to hear Philip Murray, president of the CIO, and other supporters today.

Tomorrow the committee will hear from John Foster Dulles, who served as Gov. Thomas E. Dewey's foreign affairs adviser in the 1944 presidential campaign. Dulles was a principal adviser to the American delegation at the San Francisco conference.

Chairman Connally (D-Tex.) said the committee might conclude its hearings tomorrow, when Norman Thomas, former Socialist candidate for president, also is scheduled to appear.

Part Of 28th To Start Home Today

By the Associated Press

All remaining units of the Second Infantry Division sail for home today from Le Havre, in addition to advance units of the 28th Infantry Division. Advance units of the Second left there June 30.

The following army units arrive in the United States today from Europe:

A. New York—94th Chemical Mortar Battalion, 824th Tank Destroyer Battalion, 12th Infantry Regiment of the Fourth (Ivy) Division, and the 86th and 87th Bombardment Squadrons of the Eighth Air Force.

The following units are scheduled to arrive Friday:

A. Hampton Roads, Va.—3163rd Signal Service Company; members of the 87th Infantry Division, 335th Field Artillery Battalion, 12th and 312th Engineer Battalion, 312th Medical Battalion, 87th Reconnaissance Troop Mechanized Company and 196th Army Ground Forces band.

Bit of Pennsylvania Soil To Help Relieve Homesick G.I.s

Harrisburg, July 12.—(A)—A bit of Pennsylvania soil is on its way to the Philippines to become part of a "homesick hill."

A few ounces of dirt from Capitol park was sent by airmail after Governor Martin received a request from Lt. Conrad Joseph E. Shaner, of Maryland, of the coast guard, for soil to help relieve the homesickness of members of the armed forces stationed at an undisclosed post in the Philippines.

"We understand," wrote Shaner, "that you folks in the states have been affected lately by severe shortages of meat and cigarettes and countless other articles. Thanks for going without them. Our only real shortage out here is

Division Of Authority In Nazi Capital

Berlin, July 12.—(P)—The Interior-Allied Kommandatur of Berlin announced today that all existing Soviet regulations and orders would be continued in force "until special notice."

The announcement came a few hours after Red army authorities formally relinquished control of 12 of Berlin's boroughs to American and British officials.

There was no observable change in the Russian pattern of rule. U. S. detachments, which had been waiting since midnight of July 4 took over authority in the American Zone at 9 a. m. The British got started legally at noon. American truck convoys were being organized to feed 750,000 Berliners in the U. S. sector from western Germany and the British also assumed responsibility for 900,000 city dwellers.

Berlin's outward life went on undisturbed. Soviet-authorized schools were open. Communist party district headquarters were as active as ever, bucket brigades of civilians were still picking up rubble stone by stone, and fraternization cafes were ready for

Controversy Over F.E.P.C. Nearing Close

Washington, July 12.—(P)—The marathon congressional fight over the Fair Employment Practice Committee apparently was all over but the shouting today.

There were indications, though, there would be plenty of that before final action on a compromise worked out yesterday to jar loose the deadlocked \$75,000,000 war agencies supply bill. It carries \$250,000 for continuance of the agency on short financial rations.

The legislative skids were greased to shove the big bill through by nightfall and send it to the White House tomorrow. Not until it is signed into law will 19 home-front war agencies have money with which to operate.

All have been operating "on the cuff," so to speak, since the fiscal year started on July 1, and none can meet a payroll until the measure becomes law.

Today's action to break the deadlock that gripped the bill more than a month ago will start in the house, with a vote on an appropriations committee recommendation to give FEPC the \$250,000 voted by the senate.

an acute lack of you home folks." Shaner explained the Pennsylvania soil will be used with that from other states to construct a hill where men will have an opportunity to stand on soil from their home states.

The hill will bear the marker: "Homesick Hill. Stand on your native soil as guests of the folks of your state."

The soil, he added, will be placed into small containers and mingled with that of the Philippines and markers will go over the spot where the soil of each state is buried.

Only a handful was sent, it was explained, because a larger amount would require vital shipping space and several months for delivery.

Imminent Invasion at Either End of Japanese Empire are Predicted In Nipponese News Reports Today

Trail-Blazing Program Of Medical Care for Needy Of Pennsylvania Is Outlined

Harrisburg, July 12.—(P)—A trail-blazing program of medical care for Pennsylvania's more than 200,000 needy was disclosed today.

The new plan, effective August 1, was worked out by the department of public assistance in cooperation with professional groups and has the approval of the state board of public assistance. It puts down in black and white what care the indigent are entitled to and establishes a schedule of fixed fees for services and the needy at times received inadequate care.

"There was some dissatisfaction among professional people and recipients with the old program," declared Acting Secretary Robert P. Wray. "Medical men objected to not receiving full payment for services and the needy at times received inadequate care."

Some physicians, Wray added, have expressed the opinion that the scale of fees "is still too low," but he explained the department set up schedules below prevailing rates because of the certainty of payment for services. The over-all cost to the commonwealth will increase slightly, although an accurate estimate is impossible.

The program will permit any assistance recipient free choice of a physician while participation is open to any doctor of medicine or osteopathy, pharmacist, nurse, dentist and clinic meeting the requirements set up for each profession.

Only persons eligible for assistance or blind pensions will be entitled to the care which will be administered by county assistant boards with the aid of county health advisory committees.

Criteria set up by the department limit home calls to non-ambulatory cases and those who have no transportation while the number of visitors in acute illnesses "will be kept to a minimum consistent with the diagnosis of the individual case." A maximum of three calls a month is set for chronic illnesses.

Because relief recipients are eligible for free care in state-owned or state-aided hospitals, the program does not include payments to physicians for services rendered a recipient while the latter is hospitalized. Only a visit for diagnosis will be compensable in cases of pulmonary tuberculosis, syphilis and gonorrhea since such care is already available in state clinics.

S. H. E. A. F. To Be Dissolved July 14

Paris, July 12.—(P)—Supreme headquarters Allied Expeditionary Force will be dissolved at 12:01 a. m. on July 14, it was announced today soon after Gen. Eisenhower returned to the continent which his combined command helped free.

The American, British and French forces which served under the supreme commander will then revert to national controls. The SHAPE announcement of its imminent dissolution contained no details.

The mighty Allied forces will revert to their own national control and Eisenhower will step over to the command of the Americans and to his place on the Interallied Control Council for defeated Germany.

An announcement several days ago said dissolution of Eisenhower's supreme command was being delayed only until he could return from the United States, say goodbye to his staff and direct the final ceremonies.

CLOSER TIES WITH ALLIES TRUMAN'S AIM

Need for Promoting Big Three Cooperation During Present Critical Period Stressed

VITAL PROBLEMS AWAIT

By JOHN M. HIGHTOWER
Associated Press Diplomatic News Editor

Washington, July 12.—(P)—President Truman is expected to seek closer and more continuous diplomatic ties with Britain and Russia when he meets Prime Minister Churchill and Premier Stalin at Berlin.

The objective will be to assure day-to-day handling of current European political problems which grew out of the war and for which quick solutions are considered vital to a workable peace.

At the heart of whatever proposal Mr. Truman makes along this line—probably to create an international commission—is the need to promote Big Three cooperation at a time when some forces are working to weaken it.

In some respects the stresses on this conference will be greater than those which the late President Roosevelt, Churchill and Stalin worked at in Tehran and at Yalta. The biggest difference, of course, is that the three Allies no longer are bound by the compelling need to defeat a common enemy.

They are confronted with the necessity for writing a common peace, but in this political and economic differences of approach pose problems which the purely military considerations of the past never brought up.

This time, too, real blue chips of international politics are bound to come into play more than ever before. Issues no longer can be resolved in broad statements of principle. They are concerned with specific questions of boundaries, political alignments and territorial controls not heretofore tackled on a grand scale.

Generally, as diplomats here see it, the task of the Big Three at Potsdam will parallel but does not lie in directly with the work of the San Francisco conference. At San Francisco the United Nations were concerned with designing machinery to preserve peace. At Berlin the job will be mainly one of arranging the transitions from war to peace.

This may be broken down into four main categories:

1. Long-range control of Germany.

2. Disposition of territories: There are more than 30 disputed

Truce To Relieve Shortage of Gas

Pittsburgh, July 12.—(P)—Gas company spokesmen said they expect a return to full supplies for Pittsburgh area factories before the end of the day, as a result of a truce in the strike of 1,500 United Fuel Gas Co. workers in West Virginia and Kentucky.

Both Equitable Gas Co. and Manufacturers Light & Heat Co., which supply many plants in this district, began receiving gas again from their southern connections yesterday afternoon and main line pressures were stepping up rapidly today.

The CIO-Oil Workers International Union said return of the strikers was conditioned upon assurances that the War Labor Board will hear the issues involved next week. The union stipulated there should be no discrimination against strikers.

The strike, voted in an NLRB ballot, began Tuesday. Workers sought a 10-cent hourly wage increase.

Pittsburgh, July 12.—(P)—The ODT's ban on use of Pullmans for civilian travel on trips of less than 450 miles will cut off about 200 sleeping cars, offices of the three railroads operating here said today.

The roads will withdraw all sleeping cars from regular trains operating between Pittsburgh and Harrisburg, Scranton, Philadelphia, New York, Buffalo, Washington, Baltimore, Columbus, Cleveland, Cincinnati, Akron, Toronto, Ont., and Wheeling, Parkersburg and Hinton, W. Va.

Disputes Affecting Papers In Birmingham, Ala., and New York City Head Strike News

By the Associated Press

Labor disputes affecting publication and distribution of newspapers in Birmingham, Ala., and New York City headlined the nation's strike news today.

Publication of three Birmingham newspapers was suspended indefinitely following a walkout by union printers, as New York City publishers moved to have 14 major metropolitan papers distributed, despite a continued strike by 1,700 deliverymen.

Four of Detroit's seven strikes ended during the last 24 hours, including the stoppage by 1,000 dairy workers. But for the fourth straight day some half million Detroit residents went without any milk. Deliveries would be normal tomorrow, dairy officials said.

BULLETIN

Washington, July 12.—(P)—The War Labor Board today ordered 16,000 strikers at the Firestone Tire and Rubber Company, Akron, Ohio, to return to work by next Monday morning or lose benefits the board previously had voted them. The board acted unanimously in directing that the strike, which has been under way since July 2, be "terminated forthwith in the interest of the country, the employees, and the union, without discrimination on account of the strike."

Elsewhere along the nation's labor front, a dozen strikes curtailed or halted work in a varied line of industries. The country's labor disputes kept approximately 42,000 men and women from their jobs.

Headquarters U. S. 73rd Bomb Wing, Saipan.—(Delayed)—(P)—Many combat crewmen of America's mighty Superfortresses based on Saipan Island have won the Air Medal for their part in numerous successful missions over the Japanese homeland.

The decorated crewmen, who serve with the wing commanded by Brig. Gen. Emmett O'Donnell, of Jamaica, N. Y., are members of the first B-29 crews to bomb Tokyo. Some were on the initial strike against that city in November 1944—an attack led by General O'Donnell in person. Pennsylvanians who won Air Medals include Sgt. Herman C. Knight, Jr., Tidoult, Pa.

It will be recalled that Sgt. Knight's parents, Mr. and Mrs. H. C. Knight, have just recently had a cablegram from him in a Pacific area hospital after he had been reported by the War Department as missing in action for 16 days off the Japanese mainland.

313th Bomb Wing, B-29 Base, Tinian.—(Delayed)—(P)—The 313 Bombardment Wing, B-29 unit responsible for bottling up Japan's harbors with parachuted mines, announces among awards to Pennsylvanians participating in combat missions the Air Medal for 2nd Lt. Robert C. Dinwiddie, Ridgway, precision instrument operator.

Two other witnesses were scheduled ahead of him.

BRITISH RAID ISLAND NORTH OF SUMATRA

Domei News Agency Declares Bombing in Support of Contemplated Landing on Car Nicobar

TASK FORCE IS SILENT

By LEONARD MILLMAN
Associated Press War Editor

Imminent Allied invasions at either end of the Japanese empire were predicted today in Nipponese news reports amid growing criticism of the mikado's government.

Tokyo indicated both assaults would be to seize island air bases to support large scale invasion of Japan and either the Malay peninsula or Sumatra.

The enemy's Domei news agency said 210 British carrier planes bombed Sabang island, in the Indian ocean off the northern tip of Sumatra, yesterday morning in support of a contemplated landing on Car Nicobar island. Car Nicobar is within fighter range of Sumatra and the Malay peninsula, where amphibious forces might land for a drive on Singapore, the greatest pre-war naval base in the Pacific.

An American landing close to Japan to seize more island air bases to support the eventual invasion of the homeland was forecast by the Tokyo newspaper Mainichi. Tuesday's carrier raid on some 70 Tokyo airfields was merely a forerunner of such a landing, Mainichi said, and it predicted planes from Vice Adm. John S. McCain's task force would return to Tokyo "again and again."

The fleet has been under radio silence since Tuesday. Land-based fighters and bombers have filled in the gap. Aircraft from Okinawa flew through stormy weather yesterday to further neutralize suicide air bases on southern Japan's Kyushu island and Tokyo reported 180 returned today, but failed "to make any mischief."

"The elimination of the Japanese air force as an effective weapon" is the first job of American air power, Undersecretary of Navy Artemus L. Gates said in Washington. He expressed belief this "will be accomplished shortly."

Japanese news reports questioned whether the country was prepared to meet the increasing American aerial raids and told of "deserters from the defense front" trying to "escape to a safe place."

The cabinet was criticized as being "irreparably inactive" and "wasting precious time in idle deliberations" while Japan was "confronted by its most serious crisis."

Two troop convoys attempting to carry troops from Shanghai to the homeland, possibly to reinforce garrisons guarding the invasion coasts of Japan, were broken up by the American naval air blockade.

On the South China coast, however, the Chinese high command admitted Nipponese troops have recently landed in an attempt to strengthen overland communications between Canton and Tainan island. Tainan is a high-way town on the northeastern corner of Luichow (Hainan) peninsula.

Judge Johnson In Capital To Testify

Washington, July 12.—(P)—Former Federal Judge Albert W. Johnson of Pennsylvania's middle district appeared today at a congressional hearing into his conduct and is expected to testify later in the day.

In response to an invitation by a house judiciary subcommittee which is conducting the hearing, Judge Johnson appeared as the committee resumed sessions at 10:15 a. m. He was accompanied by three Luzerne county lawyers, former District Attorneys John H. Bigelow and Thomas M. Lewis and former Judge Michael F. McDonald.

McDonald said the judge would make an oral statement to the subcommittee "when called" and would "submit to questioning."

Prospects Brighten For Lake On Tionesta Creek In Future

With the signature of Gov. Ed Martin safely affixed to the Act passed at the last session of the legislature setting aside \$18,000,000 of post-war funds for a program of reforestation and building of dams in forest lands prospects are good for a couple of dams in this county. One of the projects which had advanced far just prior to the war was the building of a dam in the Tionesta creek at Old Clarendon. This would form a lake several miles in length and many acres in area reaching almost to the old Kaibab game farm.

Sportsmen of Clarendon and vicinity had worked hard on the project and land for the dam had been bought and donated and is being held in escrow for future use. The lake would make one of the finest fishing and resort spots to be found in this whole section and the plan had attracted the attention and co-operation of sportsmen in all parts of the county.

With the release of the funds work can be put forward in a short space of time following the end of the war. The project of building the dam is not a large one as the width of the stream at this point is not great. The valley is eminently suited for flooding and in years to come the area will undoubtedly be a fisherman's paradise and a delightful spot for the erection of cottages and camps.

Two Pullmans Dropped On Local Trains

The official order of the Pennsylvania Railroad in compliance with the ODT ruling calling for sharp curtailment of Pullman car service for civilians was announced here today in those details which affect local train operation.

On the Philadelphia and Erie division the curtailment will not be as drastic as at first announced. The Pullmans which start from Oil City and connect with the evening train east of Corry for New York man from Erie to Washington. This means that only the Pullmans for Harrisburg and Philadelphia will be dropped and when space is available reservations may be made for those points on the New York and Washington cars as there is no rule against the use of the Pullmans for intermediate trips.

In all the Pennsylvania Railroad has removed effective Sunday, 163 sleeping cars operating between 42 cities from civilian use in compliance with the Office of Defense Transportation order eliminating Pullman car trips of 450 miles or less, the railroad announced. Sleeping car accommodations for trips of greater than 450 miles will be increased slightly.

Purse Lost To Sneak Thief Last Evening

Jean Gulland a nurse at the Warren General Hospital, who resides at 128 Biddle street lost her purse and contents to a sneak thief. The purse was later found devoid of its contents on Market street and a coin purse was found near the Borg studio. Police have the description of the thief and arrests may follow.

Miss Gulland entered the Harvey-Carey Drug store about 10 o'clock last evening to wait for her mother, Mrs. Hazel Gulland, who is employed there. The store was being closed and lights in front of the store had been turned out. Desiring to telephone her father, Edward Gulland, to come for them in his car she laid her purse on a counter and went into the telephone booth. When she came out her purse was gone.

Mrs. Gulland recalled that a young man had entered the store and left before a clerk could contact him. She had noted his garb and general appearance and was able to give police a good description.

A telephone call was made to the police and officers investigated. Later a woman telephoned police that the purse had been found on Market street near the Cozy Corner. Several articles in the purse were missing including a coin purse containing some change and \$18 in bills. The coin purse was later found emptied of its contents near the Borg studio.

SUGAR GROVE

Sugar Grove, July 9—Mrs. Frank Milspaw and Mrs. Frank Dorn entertained at the former's home Monday evening at a variety shower for Mrs. Stuart L. Anderson, whose marriage to Petty Officer Anderson took place June 25. Eighteen neighbors and relatives were present. The affair was arranged with nautical decorations and games. Yacht was played with prizes going to Mrs. Wesley Barlow and Miss Jane Abbott. The table decorations were a two tiered wedding cake topped with a small flag and favors were tiny sailboats. The presentation of the lovely gifts carried out the same theme. Miss Jane Abbott of Erie was an out of town guest.

Mr. and Mrs. Fred Nobbs and Mr. and Mrs. Hayden Nobbs of Corry are spending their vacation at the former's home on Pleasant street.

Carolyn Mae Howard of Erie, is the guest of her grandmother Mrs. Lottie Duell.

Robert Bickerstaff was taken with a severe heart attack at Erie Saturday morning and was removed to St. Vincent's Hospital. Mrs. Bickerstaff remained in Erie.

Mr. and Mrs. Conrad Youngberg of Warren were weekend guests of their parents, Mr. and Mrs. J. E. Abbott and Mr. and Mrs. Herman Youngberg, on their return from a vacation trip in Canada and Detroit, Mich.

Sugar Grove, July 7—The Children's Day service of the Presbyterian Sunday school was held in the church Sunday morning at 11 o'clock.

Mrs. Fulton McKay and Mrs. John Stuart were the teachers in charge of the program and Miss Brown was pianist.

The program opened with singing by the congregation and Miss

DON'T NEGLECT LOWER HALF OF YOUR DIGESTION

If Constipation Causes Gas, Bloating, Indigestion and Misery, That May Be a Sign Your Food Needs Help after It Leaves the Stomach

When food passes out of the stomach, most of it is only partially digested. The greater part of digestion is done in the 25 feet or more of intestine. Upon how well this lower half of your digestion works depends how regularly and satisfactorily your bowels move... how free you are from gas, bloating, and indigestion distress that may come from decaying food.

To help this lower half of digestion, try Bechmans Pills. They help to get your liver bile, one of the most important digestive juices, to flowing freely. The liver bile helps to digest fats, and at the same time, to activate the bowels to relieve themselves. Then most folks start off the day with that beautiful morning feeling. Be sure to get genuine Bechmans Pills, used by millions since 1842. Caution: Use only as directed.

Mrs. Roy Briggs had charge of the devotion.

Mrs. John Mahan and Mrs. Dorn were appointed to act on the committee for the union missionary meeting in August. A picnic supper was served. Guests were Mrs. Thomas Laycock, of Jamestown, and Ardath Haven, of Asheville.

The Hill and Dale Garden Club conducted a flower and vegetable exhibit in the parlors of the Presbyterian church Friday. Mrs. J. A. McIntosh, Mrs. Ralph Abbott and Mrs. F. W. Shope were the committee in charge. Members of the club and others entered 80 exhibits of annual and perennial flowers, flowering shrubs, roses, lilies, house plants, special flower arrangements and vegetables. Mrs. Shope and Mrs. Elmer Swanson collected very interesting material from the woods and with which Mrs. Shope made a very lovely woods garden display.

Miss Donaldson and Mrs. Nelson of Busti acted as judges, and tea was served during the afternoon by Mrs. Margaret Woodside and Mrs. Frances Jaquith. Those in charge were very gratified by the display and interest shown in the attendance.

Mrs. F. A. Schoonover was hostess to the Bridge Club, Thursday

night. Two tables of bridge were played with Mrs. D. H. Haggerty receiving high score. Mrs. O. D. Barlow, Mrs. Burt Schoonover and the hostess' daughter, Mrs. Milton McLallen, of Tucson, Ariz., were guests. The hostess served refreshments.

At Sugar Grove the center will open Thursday afternoon at two o'clock with Miss Elveta Fagley, county supervisor of Warren explaining the setup.

The center will be open Tuesday and Thursday of each week and Miss Baun should be notified one day in advance by anyone planning to do canning. Everyone is invited to take advantage of the center and bring their own food for canning and also to send any surplus they may have to be canned for the school lunch program. The kitchen is equipped with pressure and hot water bath canners. The July social meeting of the

Try Company Sunday School class was entertained by Mrs. Leslie Anderson and Mrs. Paul Carlberg, Tuesday evening at the former's home, with twenty women present. The vice president, Mrs. Ray Johnson presided at the business meeting. Mrs. J. A. McIntosh gave the report of the sunshine department. The class voted to send a magazine to those boys and girls whose names are on the church honor roll with Mrs. Scott Stuart appointed as a committee to make plans for this work. Plans were also made for planning flowers for the church for the next month. Those present enjoyed an amusing stunt with Mrs. McIntosh receiving the prize. Out of town guests present were Mrs. John Ruhling, and Mrs. Stuart Anderson, Pittsburgh and Miss Ruth Engquist of Jamestown. The hostesses served a delicious lunch. Mrs. Carrie Davis will be hostess to the August meeting.

The Sugar Grove Community Service Club, met in the school auditorium Monday evening with the president Delmar Mickelson presiding. Many interesting let-

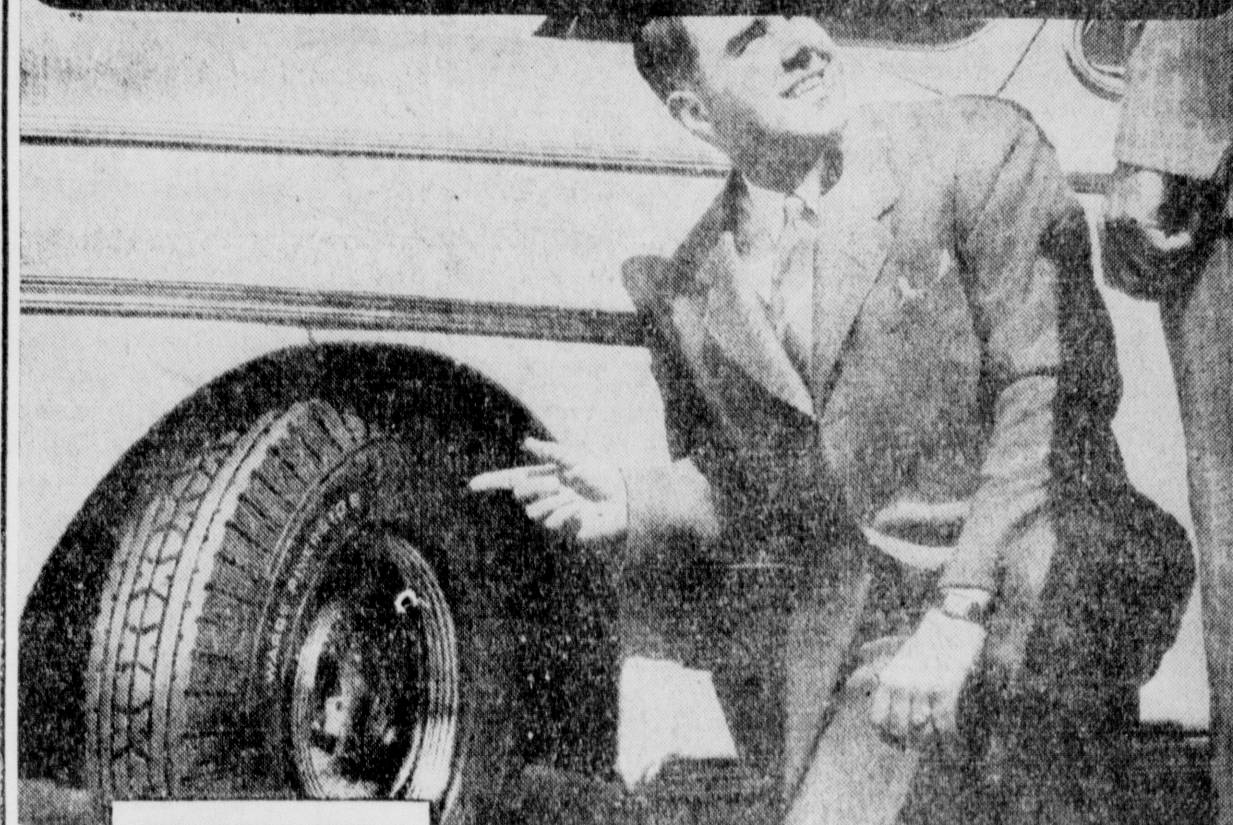

ters were read from these in service.

\$138 was added to the treasury from the profits of the dance recently given by the Valley Grove Club, and the secretary was instructed to write a note of thanks to the club.

Your neighbor's Riversides didn't come on his car; he chose them himself, to replace the tires he found on his car as "original equipment"! He chose them deliberately, in preference to the tires on new cars and all other famous tires. (Ever ask him why?)

More MILES-OF-SAFETY ON RIVERSIDES

Riversides are now actually stronger than Wards pre-war tires! Here's why:—Each individual cord is stronger to begin with; then chemically-strengthened to stay strong, next liquid-dipped to "weld" the cords together, then cushioned in rubber! Finally, the plies are cemented together before vulcanizing to provide greater protection against separation, bruises and blow-outs!

KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

If you have an excess of acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging headache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Kidneys may need help the same as how do you ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

THE PRESIDENTIAL TENURE

The "indicated" intent of the House Judiciary Committee to take up the whole question of Presidential tenure—meaning the proposal to limit a President to terms—hints of the possibility that this controversial question may be brought to a showdown at last.

It does not guarantee a showdown. Rep. Hatton W. Summers of Texas, committee chairman, merely has "indicated" the question "probably" will be discussed by his group after the summer congressional recess. So the outcome of renewed discussions of a subject which has been debated since George Washington declined a third term is highly problematical.

Opposition to the proposal probably never has been more outspoken than now. Before Franklin D. Roosevelt became President, many observers regarded such legislation as unnecessary. The opinion was widespread that precedent was sufficient to preserve the two-term tradition. Consequently, interest inclined to be passive when legislation was suggested to place a legal limit on Presidential tenure. Many people doubtless thought the precedent couldn't be broken.

But it has been broken. It need not be surprising if future White House occupants strive for as many terms as they can win. Some, if not all, are likely to hang on to their jobs as long as they can.

Whether it is good or bad that a President might serve more than two terms admittedly is a matter of personal opinion. The argument that the American people should be the best judges of how long a President should continue in office has appealing features.

Perhaps nothing. On the other hand, there can be no escaping the fact that any party in power has opportunity to build up a powerful political machine. In theory, the longer in office, the more powerful becomes the resulting machine. Conceivable, one of such power could be built as to make a mockery of democratic processes. Such things have happened in other nations of very recent memory. It would be absurd to deny the possibility that they might happen in the United States.

Whether the possibility is sufficiently strong to call for the enactment of protective legislation is another of those matters of personal opinion.

SHORT OF SUGAR

Life will be far from sweet to American eaters for another year. Earl Wilson, director of the Commodity Credit Corporation's sugar section, says tight sugar rationing will have to continue at least that long. With Harold Rowe of the Foreign Economic Administration, he has been making an inspection of Cuba's sugar fields, which have been almost ruined by drought. Recent rains give some hope for the 1946 crop, but not a great deal.

The CCC has offered Cuban sugar producers 3.45 cents per pound for the new crop, an increase over the 3.10 paid this year. Producers, however, are reluctant to sign because they want a long-term contract. The CCC, on the other hand does not like to sign up for five or more years, because it does not want to commit the government to stay in the sugar business. Some agreement will probably be reached soon, but even so, the sugar portion will be short.

Americans would probably be glad to pay a little more for their sugar if they thought part of the price would go to improving the lot of the sugar workers. And if they are convinced of an honest-to-goodness drought, they can take their shortage without much difficulty. But they don't like hold-ups in emergencies.

A northerner cannot grow sugar cane in his garden. He can, however, use freely the beets, carrots, cabbage and other vegetables which provide sugar. Maybe if he calmed down a little he might even lower his need for sugar.

TRUMAN AS PUBLIC SPEAKER

President Truman may prove to be even more appealing than Roosevelt as a public speaker, according to Joseph F. O'Brien, professor of public speaking at the Pennsylvania State College.

"He's bound to be a popular speaker," says the speech expert, "because he makes everybody feel he's one of the people. He talks with an appealing ring of sincerity, conviction, and simplicity."

In contrast to Roosevelt, accepted master of oratorical skills, the new president is a substantial—but not brilliant—speaker, O'Brien believes. "What he lacks in oratorical beauty," he adds, "is more than compensated for by the earthy quality of his speech."

His mid-West diction—"which certainly sounds good to a lot of people"—is similar to General Eisenhower's, O'Brien points out, while his deliberately measured cadence is reminiscent of Hoover and, in a way, Coolidge.

GARDEN HINTS

Perennial Flowers Do Best From Seed Sown Early

Gardeners who grow perennials from seed will have an easier time of it if they will sow in May instead of waiting until June or later. When summers are hot and dry it is often quite a task to get seeds to germinate in June, and seedling plants must be given extra attention at that time to keep from being scorched to death. In April and May, however, we usually have cool, moist weather which hastens germination and is favorable to the young plants. Many of the perennials germinate best in cool weather. Delphiniums, for example, grow best in a temperature of 40 degrees. When seeds are sown in April or early May the seedlings should be transplanted in July so that they have room to develop into sturdy plants. They will be large enough by fall to be planted in the border where they are to grow.

There is no garden operation which saves money faster than growing one's own perennials. When plants are purchased they are relatively expensive because of the long growing period, the intensive care they have had and the large percentage of loss. Plants have never been grown successfully in large scale operations because of the limited area over which they can be distributed satisfactorily and the high cost of packing such fragile subjects for shipment. The gardener who grows his own pays only for the seed. The task of caring for the plants and observing their growth is a fascinating recreation, if he is a true garden fan.

Four Popular Perennials Easily Grown From Seed.
Among the perennials with which beginners will have little difficulty are columbines, dianthus, delphiniums, gaillardias, coreopsis, hollyhocks, pyrethrums, sweet williams, veronica spicata and violas. Take a secluded and protected spot in the vegetable garden for a seedbed. Be as careful about preparing the soil as if it were to be put in a flat. Plant perennials in rows, like vegetables, labeling each row. Thin or transplant to the proper distances apart in the row.

Stray Leaves From Notebook Of Reporter About Town

Circus Day! What other form of amusement arouses the imagination as does a circus? The white tents, the rumbling wagons, the snorting elephants striding along with no apparent concern for any affair of the world and the hundreds of sights and smells all belong to the tented show. In years ago when the shows travelled by wagon overland it was the goal of every small boy to be a clown with whitened face and comic grimace. The moves between towns back in the old days were short and the performers rode horseback or in buggies or the old time hacks.

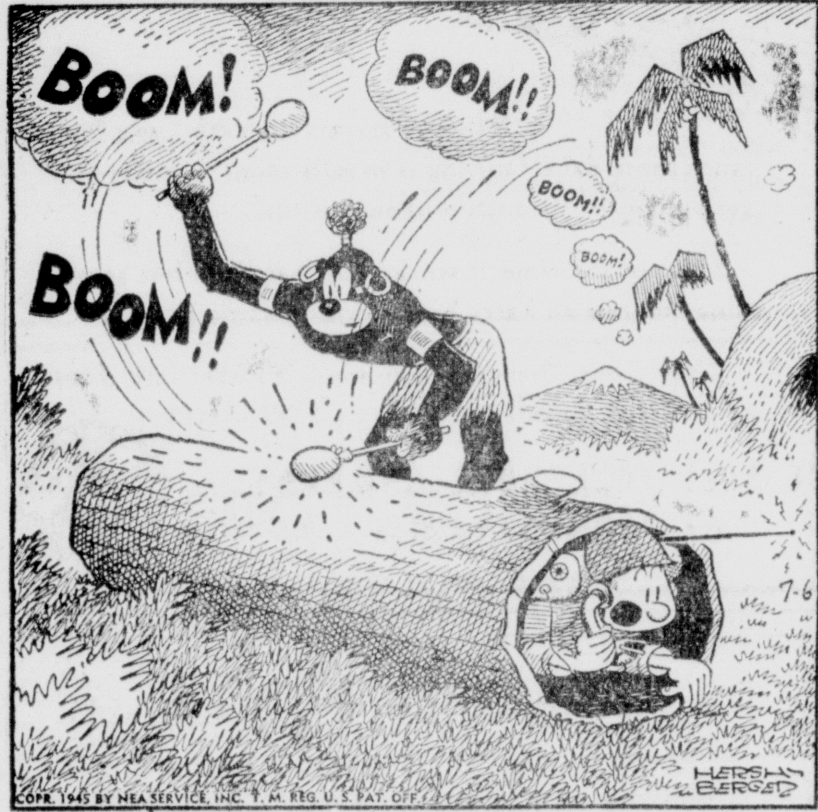

Down in the field where the Peterson Handle Factory did business for many years was the early circus grounds. Here Bob Huntington's Circus held forth year after year. The shows later moved to the old brick yard. Boys and girls from Hooktown would peel off shoes and stockings, wade across the creek, put on the footwear and then return home after the show by fording the Conewango. Singing clowns were in great demand among the old time shows and many a sing heard today was born under the following canvas. "Over the Garden Wall" was first heard in Warren when sung by a clown. The small tents used in those days allowed the voice of the singer to be heard throughout the tent. With the bigger tents the singing clowns passed away. However during the past few years by the aid of the public address system singers are again being heard and some of the shows boast of a prima donna.

With the building of a network of railroads the wagons were forsaken and the shows took to the rails. The Ringling Boys—five of them—started a small show on rails after tramping via wagon and their success was marked and to-

day their show is the leader. It was under the Ringling canvas that Clyde Beatty with his lions and tigers grew to fame. Captain Peter Taylor was another animal trainer who featured the big wild animals in a steel arena. Alfred Court is now showing under the Ringling big top and Blackamoor, who hypnotizes the wild things is also a feature in some show. With Beatty here today is his wife who has a tiger riding an elephant which is a feat of animal training highly astounding. Another trainer of "cats"—leopards and tigers is Mrs. Harry Wilson who attained a large degree of fame some years ago but has passed out of the picture.

One of the features with all of the better shows today is the press department. Here is assembled a group of men skilled in the ways of the press and the radio. They write some thrilling tales of the circus and its people, its life in all departments and they tell the adventures around in a manner most careful and bewildering. One of the greatest of these boys was Dexter Fellows who had ideas, words and a keen imagination. With the Beatty Show two clever and experienced fellows are used. Tex Sherman is well ahead of the show calling on the newspapers with his stories and pictures and incidentally stirring up the radio. He is a "wild west" man having been mainly attached heretofore with rodeo and wild west outfits. But he is catching on to the circus idea in a big way. And yesterday Ray Dean spent the day in the city. Dean is one of the veterans of the big top. An Ohio newspaper man he foresook the paste pot and shears to get on the road with the Cole Brothers Show. A troupier in every sense of the word he can meet any situation and he can

peddle out some clever news stories for the press and tell some tall tales on the radio. His one greatest trouble today is securing a clean shirt. There are few shirts to be bought and he has enough shirts to doll out the American

Army when it returns from Europe but the problem is to "keep 'em clean". However when Tex Sherman passed through town the other day he left a batch of laundry here among it a few of Dean's shirts. At the Commonwealth

Laundry yesterday he recovered his laundry and took on an expression as happy as that of a cat that just swallowed a catnip mouse. Press agents are proverbial good fellows and at all times ready to protect the inter-

est of "the show". The Beatty Show travels on motor trucks and it's a caution the amount of stuff they can transport about the country. Eight elephants ride in three trucks, three "bells" in one truck, two in an-

other and three in a third. Those trucks bear a heavy load. And these elephants have a history. They are vets of the road and five of them were the "original Wallace elephants". Almost as famous as the Powers elephants they

are tried and true performers and combined with the three owned by Beatty make a respectable looking herd. Incidentally all but one of them is trained to work about the show lot, spotting wagons, (Turn to Page Nine)

Kathryn L. Klenck
Becomes Bride of
John Niedzialek

At seven o'clock Wednesday evening in the Church of the Nazarene, a double ring ceremony united in marriage Kathryn Leone Klenck, daughter of Mr. and Mrs. J. H. Klenck, and John Niedzialek, petty officer second class, USNR. The candlelight ceremony was read by the Rev. Gordon V. Woods before an altar banked with palms and flowers.

Eleanor Emery, cousin of the bride, gave a brief recital of wedding music and played the traditional marches. She also accompanied Melda Olsen, whose soprano solos were "Always" and "Because".

The bride, given in marriage by her father, was dressed in white, a gown fashioned with sweetheart neckline embroidered in seed pearls, a fitted bodice and full skirt with train. Her fingertip veil depended from a headband of white roses and she carried a prayer book with a spray of white roses.

Arvilla Ittel, as maid of honor, was attired in blue, with a fitted lace bodice and full net skirt. Her bouquet was of yellow roses and snapdragons and she wore a matching spray in her hair. The bridesmaids, Jean and Lucille Klenck, wore pink and yellow gowns styled similarly to that of the maid of honor and carried bouquets of pink roses and white snapdragons.

Gerald Balch acted as best man and ushers were Glenn Merchant and Earl Burbee.

The bride's mother wore a beige and brown summer sheer with white accessories and a carnation corsage. Mrs. Frank Scialie, eldest sister of the bridegroom, wore black crepe and lace with carnation corsage.

Following the ceremony, a reception for about 60 guests was held at the YWCA parlors, with the Misses Mary Niedzialek, Jean Darling and Anne Hathaway as aides.

Out of town guests were from Ithaca, Jamestown and Olean, N. Y., and Kane.

The newlyweds will honeymoon on the Great Lakes and in Canada.

The prophet Mohammed was born in Mecca, Arabia, in 570 A.D.

Bois: Mrs. Hattie Willard, Mrs. Grace Stewart and granddaughter, Mrs. Louise Butler and three daughters, Bradford.

Mrs. Howard Buchanan and son, Warren, and Mrs. Leo Lank and son, Chester, were callers Tuesday of Mrs. Nell J. Caldwell. Mrs. Lank and children are vacationing at camp in Corydon and with Warren relatives.

Guests of Mr. and Mrs. George Akers Sunday were Mr. and Mrs. Ralph Akers and family, of Warren.

Mrs. Ruel Smith and son, Richard, are spending a short time at their cottage here.

Mrs. Rubie Day, accompanied by Miss Lucia Browne, were Warren visitors on Tuesday.

Miss Mary Rae McBride, of Olean, is a house guest of the Stanley Flatts.

Mrs. Nora Crooks has returned to local post office duties following a two weeks vacation.

Mr. and Mrs. E. J. Nelson spent last Saturday evening in Warren. Miss Theresa Marsh, accompanied by Miss Mayne Marsh and Mrs. Gerald English, has been visiting Mr. and Mrs. Homer Marsh in Farmers Valley.

Mrs. O. J. Tome and Donna Lee Malone have returned from a visit with Warren relatives.

Seeking WAVE Recruits

In excess of 2,000 WAVES must be enlisted during each month of 1945 to meet the Navy's increasing demands for shore-based personnel, according to Commander S. N. Ewan, Jr., head of the WAVE enlistment headquarters in Philadelphia. To that end, Yeoman Emmer Heyne, of the enlistment staff, will be in Warren on Wednesday and Thursday, July 12-13, to interview those desirous of serving in the women's reserve corps. She will be located at the local United States Employment Service office, 225 Pennsylvania avenue, west.

Commander Ewan States that the 82,000 women already in active duty with the women's reserve is insufficient to meet the Navy's demands for their service. "This need," he explains, "is due to the vast expansion of our Pacific fleet and Pacific shore establishments." The passage of the WAVES overseas bill resulted in several thousand WAVES volunteering and being ordered overseas. Although WAVE duty is purely on a voluntary basis, it is contemplated that several more thousands will be given overseas assignment in the next few months.

WAVES currently are qualified in 34 different ratings involving more than 250 different types of work. The adaptability of women in the service has made it possible for the Navy to train WAVES in several additional ratings heretofore held only by men.

One of the most pressing needs is for women who can qualify as hospital corpsmen. At present 18,000 WAVES are assigned to duties in the hospital corps along with nearly 120,000 male hospital corpsmen. As evidence of the outstanding work done by the hospital corps, the Navy has been able to return 98 per cent of all hospital cases to active duty.

WAVE corpsmen are not qualified as nurses, but are given eight weeks instruction, in addition to their indoctrination training, in both didactic and practical training in such subjects as anatomy and physiology, elementary chemistry, hygiene and sanitation, bacteriology and laboratory technique, materia medica on toxicology, minor surgery and first aid, nursing and dietetics, pharmacy and metrology. Later training may be given in any one of 28 fields such as dental, laboratory, bacteriology, occupational therapy, fever therapy and neuropsychiatry.

All newly-enlisted WAVES are given eight weeks of instruction at the U. S. Training School, Hunter College, in the Bronx, before being ordered to one of the specialty schools for specialty training for radio, aviation gunnery, parachute rigging, aviation machinists or any of the other specialist ratings.

Can Use Gas
Once More in
Local Plants

Word was received in Warren yesterday at the local office of the Manufacturers Light and Heat Company that the United Refining Company and the Sheffield Glass Bottle Company could again use gas. The gas supply of the two plants was cut due to a threatened strike of the employees of the United Fuel Gas workers in West Virginia and Kentucky.

The gas field employees demanded certain wage increases, etc., and the workers returned to their places after a truce had been arranged between the workers and the company. The WLB will take up the matters in dispute sometime during the near future.

Canning Center
Will Soon Open
On Penn'a Avenue

Warren's canning center will open soon in the store room formerly occupied by the Bayer Furniture store. It has been planned to have the center in the Buick Garage, but due to the fact that Buick cars are expected to be on the market in October it was decided to seek another location.

The workers this morning are installing the equipment and four big retorts will be installed as well as the other necessary paraphernalia for doing canning of vegetables, fruits and meats. The center will be opened soon for active work and any woman who cares to avail herself of the center for canning will be welcome to do so.

Instruction in canning will also be given at various towns in the county by a group of women who have been secured for the purpose.

The committee in charge of the canning work is headed by P. C. Ostergard and others on the committee are Miss Elverda Fagley, Horace J. Harvey, Sam H. Rasmussen, Clair J. Beyer, Delbert W. Lewis and Wylie T. Corbett.

Much of the financing of the work will be done by funds given by the County Salvage Committee.

Cans will be sold at cost at the Center.

After experiencing two small, mediocre, would-be circus organizations during the past few weeks, Warren, today, is host to America's newest show, one that has set attendance records at all cities and towns on their season's routing—most everyone has seen him in motion pictures, heard him over the radio or read his books on wild animals—he brings his own show, and appears in person at each performance, the famous Clyde Beatty Trained Wild Animal Circus, last performance to-night at 8 o'clock, doors open at 7, at the South Side grounds.

This afternoon's performance was well attended, and, as usual, the youngsters had to elbow their way through a crowd of "kids" who have not missed a circus in thirty, forty or maybe fifty years. And the youngsters—they're the real critics—liked this fine show—the other "kids" liked it, too. They

NEW SHOE STAMP IS VALID AUGUST FIRST

Washington, July 12—(P)—The new shoe stamp which becomes valid Aug. 1, will be Airplane Stamp No. 4, in Ration Book No. 3, the Office of Price Administration announced today.
Airplane stamps Nos. 1, 2 and 3 remain valid indefinitely.
The new stamp is the first for shoes to become valid since Nov. 1, 1944, when rationing, because of limited stocks of shoes, went off a two-pair-a-year basis.

FIRST RIPE TOMATO
Joe Papalia, 301 Eddy street, is prepared to take on all comers in claims for the first ripe tomato of the season, still on view in his garden for the benefit of those doubting his claim.

GRACE ROUTS SYLVANIA
The Grace Methodists had a 20-7 at Beatty Field. Grace scored 12 runs in one inning off three pitchers, Schumacher, Olsen and Carrick. Wilcox was the catcher for the losers, and the battery for Grace was Rader and Jewell.

SAW AMERICAN EAGLE
Game Protector Carl B. Benson and George Burdick, of Tionesta, and Fish Warden R. C. Bailey, of Youngsville, while enjoying a boating trip up the Tionesta dam on July 4th saw a large American eagle, just above the old Kelly farm. The noble bird appeared to be feeding along the shore and made a pretty sight as it soared off into the woods. Hunters are reminded that these birds are protected under both Pennsylvania and U. S. government game laws, and since they are almost extinct, it would be a pity if anyone would kill or molest them.

BARNES

Barnes, July 10—Mr. and Mrs. Laverne Spicer, of Saybrook were guests at the home of Mr. and Mrs. Harold Miller, Independence Day. Mr. and Mrs. Millard Blake of Jamestown, N. Y., were guests

at that home several days of last week.

Cpl. and Mrs. Sherman Black arrived in Barnes from Courtland Field, Ala., Sunday. Mrs. Black will remain with her mother, Mrs. John Knapp, Cpl. Black to be transferred to another camp in Texas.

Mrs. John Knapp has received word that her son Harold is stationed in Oahu, Hawaiian Islands.

Mrs. Chas. Curtin of Wilkinsburgh and Mrs. Robert Curtin of Jamestown, N. Y., were guests at the home of Mr. and Mrs. J. C. Curtin Sunday.

Mrs. Spencer Conklin of Warren visited her parents, Mr. and Mrs. Ed Rudolph, Tuesday.
Guests at the home of Mr. and Mrs. Frank Rudolph last week were Mrs. Rudolph Carlson and of Jamestown, N. Y., and Mrs. Alva Amster and children, Norman Madeline and Scott of Clarendon Heights.

The Fourth of July passed very quietly here in Barnes. Alice, the elephant belonging to the Beers-Barnes circus caused the only excitement, when she ran away. She was discovered over at the old Clawson Chemical factory by Harrison and Ray Wolfe, who had been doing a little fishing.

Miss Neylon Schreckengost R.N. of Corry spent Friday at her home here in Barnes. Her brothers, Ernest and Bertram expect to be honorably discharged from the service soon.

Mrs. Dean Hyde of Youngsville was a guest at the home of Mr. and Mrs. W. T. Hoyer Friday and Saturday.

Miss Carrie Conquer, who is attending the Ora Jean Beauty Academy in Erie spent the Fourth visiting her parents, Mr. and Mrs. C. E. Conquer.

Mrs. Frank Irvine of Warren spent Independence Day visiting at the home of Mr. and Mrs. W. T. Hoyer.

Mrs. Leon Roberts and children, Beverly and Bruce of Erie are visiting at the home of her parents, Mr. and Mrs. B. S. Cook.

TREASURER'S SALE OF SEATED & UNSEATED LANDS FOR TAXES OF 1943

In compliance with and by virtue of the authority vested in me by the several acts of assembly, and particularly by the act approved May 29, 1931, P. L. 250, as amended by the act approved June 20, 1939, P. L. 498 and other amendatory acts, and as to unseated lands by the act approved July 24, 1941, P. L. 496, authorizing and empowering the County Treasurer to sell at public sale all seated and unseated lands upon which taxes levied by authority of any county, borough, town, township, school district and poor district are delinquent and remain unpaid, and fixing penalties, etc., I will sell at public sale the following properties as hereinafter set forth.

The purpose of said sale is to enforce the collection of delinquent taxes, penalties, interest and costs thereon as the taxes were returned for the year 1943. Said sale will be held in Court Room No. 2 at the Court House in the Borough of Warren, Warren County, Pennsylvania, on

MONDAY, AUGUST 6th, 1945

AT 10 O'CLOCK A. M., EASTERN WAR TIME

TERMS OF SALE: As soon as property is struck down, payment of the amount of purchase money, or such part thereof as is necessary to pay all taxes, penalties, interest and costs in each case, will be required from the purchaser. In event said amount is not paid forthwith after the property is struck down the sale will be void and the property immediately offered for sale again by the Treasurer. No bid will be accepted for less than taxes, penalty, interest and costs.

If a bid is in excess of said amount, the purchaser will be required to make and execute to said Treasurer for use of the persons entitled to a bond for the surplus money that may remain after satisfying and paying all the taxes and costs as aforesaid.

To all persons, owners, or reputed owners of property, terre tenants or any claiming an interest in the following described lots or tracts of land: You are hereby notified that your property situated in the borough or township as hereinafter described has been returned for non-payment of taxes for the years designated, and unless such taxes and costs are paid on or before Monday, the 6th day of August, 1945, at ten o'clock A. M., Eastern War Time, of said day, the said premises will be sold as above set forth.

Silver Star Is Awarded Lieut. Cooney

The Silver Star has been awarded by the commanding general of the 32nd Infantry Division to 1st Lt. Charles Blandin Cooney, field artillery, United States Army, for gallantry in action on Luzon in the Philippines. He is the son of Mr. and Mrs. W. E. Cooney, of Brook street.

The decoration covers bravery in action of 2 February, 1945, and the citation reads:

"Shortly after friendly troops had occupied a strategically important position, the enemy subjected the area to an intense artillery barrage. In order to locate and silence the hostile guns, Lieutenant Cooney led a party to a height overlooking the enemy and began adjusting friendly artillery fire by radio directions. The observation party was detected by the enemy, who immediately trained one of their heavy pieces on the height, killing one of the men and wounding Lieutenant Cooney, who, after dropping back a short distance to receive emergency treatment, returned to the observation point. In spite of his severe wound, and oblivious of the continuing violent hostile fire, he so effectively directed the fire of his artillery as to knock out the enemy guns in rapid succession, thereby ending a serious threat to our troops."

Three Local Men On Staff Of Hospital

The 131st General Hospital at Blandford Camp, Dorset, England, reports that after treating 7,019 soldier-patients with only three deaths, that huge United States Army General Hospital has completed its mission in that country.

Three residents from the Warren area who helped operate the hospital were Pfc. Joseph L. Gibson, 34, 18 Crescent Park, a clerk; Pfc. Ernest W. Quicksall, 29, of Warren RD 2, a military policeman; and Pfc. Richard S. Peterson, 38, Russell RD 1, a surgical technician.

The hospital unit arrived in Liverpool late in July, 1944, after a six-month training period at Camp McCain, Miss. The last patients left the hospital June 18.

Pfc. Gibson, husband of Zora Gibson and son of Mr. and Mrs. J. M. Gibson, 616 Conewango avenue, entered the army in February, 1944; Pfc. Quicksall, 10 Prospect street, went into service the same month, and Pfc. Peterson, whose wife is Mildred Peterson and whose parents are Mr. and Mrs. Ture Peterson, was inducted in January of the same year.

Pfc. Watt Is In Cited Outfit

Pfc. William W. Watt, son of Thomas Watt, 91 1/2 Schanz street, is with the 611th Ordnance and Ammunition Company which has been awarded the Meritorious Service Plaque from General Walter Krueger, commanding general of the famed Sixth Army on Luzon.

Pfc. Watt landed on S-Day of the Luzon invasion with other members of his unit and within two hours the men had established an ammunition dump on the beach, and were receiving ammunition from the ships.

He has been in the armed forces since November 23, 1942, and went overseas a year later. In civilian life, Watt was employed as a machinist for the National Forge and Ordnance Company.

He is authorized to wear three battle stars as the result of Sixth Army campaigns against the Japs in New Guinea, Bismarck Archipelago and Luzon.

GOLDEN WREATH FOR WAC FROM CORDYDON

Two Women's Army Corps Signal Corps companies assigned to Allied Force Headquarters in Italy were awarded plaques for meritorious service at a retreat parade held recently in the WAC battalion area at Caserta. Five companies of khaki-shirted soldiers marched in the parade to the martial music of an Army Ground Forces Band. The two units receiving the awards were the 6715th WAC Communications Company and the 2666th WAC Wires Company. Among the women soldiers thus eligible to wear the golden wreath on their uniforms is T/S Doris E. Baker, of Cordydon. Members of the company largest message center at Allied Force Headquarters, working around the clock in shifts on teletype machines, in the editing sections, and in the offices of the message center. The wire company staffs the largest military switchboard at headquarters, one of its members having been the first WAC enlisted woman to receive the Legion of Merit.

NEWS FROM CHINA

An East China wing of the 14th Air Force reports that Lt. Chester C. Christensen, 20 Park street, North Warren, son of N. M. Christensen, now of Salamanca, N. Y., is now in his ninth month of foreign service and his eighth month of duty as a fighter pilot with the "Vanguard" fighter group of Maj. Gen. Chennault's 14th. A graduate of Warren High School, he entered the army in January, 1943. His brother, Lt. K. M. Christensen, is serving with the Seventh Air Force in the Pacific.

Forgers Score 11-3 Win Over Warren Independents

Hits Evened At Nine Apiece; Indies Perform Well Against NFOs; Massa, Sollock Homer

An eight-run first inning rally last night gave the National Forge, a lead they never relinquished against the Warren Independents at Russell Field with the final count ending at 11-3.

Dick Hines and Bob Schussler started the mound chores, both pitchers doing an excellent job with the exception of the opening frame when Schussler was nicked for six hits and his teammates went lax.

In the first, Geigerich popped out and Petrowski followed with a single. Croella walked and Rosequist was hit by a pitched ball to load the sacks. Gagliardi came up with a double and two runs scored. Don Ghersa plundered a throw to let two more runs in.

Sollock and McKinney each singled and Geigerich came up for the second time in the inning after Hines fled out for the second put-out, slapping a double to score three more runs. Petrowski hit his second single of the first frame, driving in Geigerich with the eighth run. The Indies scored their first run in the second when Joe Massa, the first batter, hit the first pitched ball over the right field fence for his second homer of the season. From then on until the eighth inning, play was nip-and-tuck, with the Indies gaining steadily in the hit column.

Rosequist walked in the eighth and Morrison singled, both scoring when Mike Sollock patted the apple deep into left field to catch fielder Bill Martin out of position and record a home run, making the count, 11-1.

Hines was relieved on the mound by Sollock in the eighth, but the home run hitter lasted for only one out as the Indies started to lead the bases. Emmy Morrison went in at the mound and finished out the inning as the Warrenites scored two runs.

Rivalry was extremely audible, especially between opposing catchers Steve Massa and Harry Rosequist. The two teams will clash again on Sunday at Wilder Field at three o'clock.

The Indies left ten men stranded on the bases while the winners left only four. Hits were evenly divided at nine each, showing that the Forge's run column was not recorded by hits alone.

Behind the Lines

A great majority of the fans at last night's Forge-Independent clash were completely disgusted with the manner in which the Forgers handled the game and at some of the remarks that were thrown at different players. Just who is to blame for the action, we do not know, but there is one thing sure. If the two rival teams can't be sportsmen and manlike about the thing, then they ought to quit playing baseball. The fans are out there to see a good ball game with their favorite players where they can play best, and it certainly wasn't that way last night.

Senator Happy Chandler, baseball's top man, will meet with the men today who elected him to succeed the late Judge Kenesaw Mountain Landis. Chandler will preside over a meeting at Washington composed of all the major league bosses and a few things will be ironed out. First on the agenda of events is the signing of Chandler's seven-year \$50,000 contract and then the complaints by high school officials concerning signing of teen-age players. Then come transportation problems: what the moguls expect of Chandler and vice-versa; and reshuffling of both National and American League schedules.

A bunch of high school and college kids have contacted this column to make an appeal to all youngsters sixteen years and under who have a desire to play baseball, to get together and form a league, games to be played at Beatty diamond and the West End diamond. For a number of years now, there has been no league or otherwise for the younger boys to play baseball unless they showed exceptional ability. Now the interest is growing and some good if (Turn to Page Twelve)

AL SCHACHT WILL APPEAR IN JAMESTOWN
Al Schacht, the "Clown Prince of Baseball" who has just returned from an overseas entertainment tour during which he appeared before thousands of servicemen, will don his clowning repertoire at Jamestown's Municipal Stadium on July 19 preceding the Jamestown-Hornell game at eight o'clock. Schacht, for many years associated with baseball as a clown in both major and minor league parks, has started publication of "G.I. Had Fun," the story of his warfront tour.

W.H.S. LETTERMAN GETS SCHOLARSHIP

George Lucia, quarterback on the 1944 Warren High School football squad and first string guard on the '44-45 basketball varsity, has received an athletic scholarship from Penn State which entitles him to take up his schooling there in October. Lucia also played high school baseball.

Forgers Meet Corry Tonight At Hospital

The National Forge goes after its third straight victory tonight at the State Hospital diamond when Vern Group brings his Corry Merchants there for a 6:15 return engagement after suffering a 2-1 loss at Corry early in June by pitcher Craig Bennett.

Bennett, a recent dischargee from the U. S. army after serving overseas and being wounded, will again oppose the Corry outfit this evening, facing Russ Cassett, veteran western Pennsylvania roundsman who also battled Bennett in the two teams' first meeting.

The NFOs will have to send their toughest combination against the Merchants. Among the players who will appear is Joe Barresi, athletic director at Corry's Catholic high school. Barresi is one of the outstanding fielders in the section and is equally as potent with a stick.

The game tonight will start at 6:15 with Dick Pierce and Red Swanson calling the plays.

St. Joe's May Enter State Ball Tourney

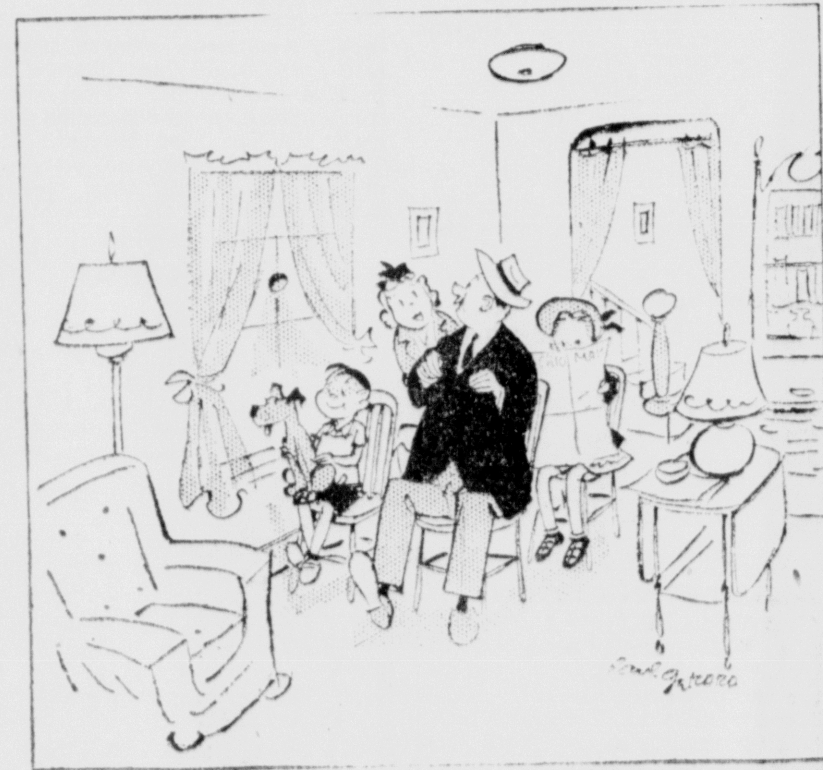

It was learned today from Manager "Shay" Font, of the St. Joseph's softball team, that the Catholic outfit may enter the western finals of the Pennsylvania Amateur Softball Association Championship Tournament to be held in Erie on the last three successive Sundays in August.

According to Font, no plans whatsoever have been made to enter the playoffs, only that application blanks and rules and regulations of the tourney will be sent today.

Font also said that he would run into player difficulties if the team did enter. At least four of the Catholic players are regulars on the Warren Independents and would have to miss one game or the other.

Further details regarding the tournament and St. Joe's entry will be announced in this paper.

N. Y. Semi-Pro Tourney Starts On Saturday

Semi-pro baseball teams from all over New York State will converge Saturday afternoon for the annual state semi-pro tourney in Jamestown. Commissioner Louis W. Collins announced yesterday. Collins, who heads all semi-pro competition in New York state, said yesterday afternoon that he expects one of the largest turnouts since the start of the war.

The winner of the N. Y. tournament will represent the state in the national semi-pro tournament held annually in Wichita, Kansas, under the direction of prey Ray Dumont of the National Semi-Pro Baseball Congress.

Field marshals for the second annual tourney held in Jamestown will be Pat Neuhauer and Finny Johnson, well-known local sports officials. A new phase added to the tournament this year is the starting of a New York State Baseball Hall of Fame, similar to the National Hall of Fame at Cooperstown. A committee has been named to choose three players, either professional or non-professional, as the first men to enter to Hall.

Representing Jamestown in the tournament will be the Jamestown Steel Partition Bombers, the aggregation which, as the Jamestown Booster Club, won the 1944 title and participated in the national tourney. This outfit is managed by Joey Nagle.

Play will begin Saturday afternoon if enough teams have arrived in time to start, otherwise the first game will be played Saturday evening with more games following on Sunday.

STERN TO BROADCAST TAM O'SHANTER FINAL

The final rounds of play in the world's richest golf tournament—the \$50,000 All-American Open, Amateur and Women's Open at Chicago's Tam O'Shanter Country Club, will be broadcast over the full NBC network from 6:30 to 7 p. m. on Sunday, July 29th. The program will be heard locally over station WGY, Schenectady.

George S. May, whose business engineering firm sponsors the tournament, and some of the nation's top-notch golf stars who are competing in it, will be interviewed by Bill Stern in the final holes of play. Byron Nelson, golf-dom's No. 1 expert and defending open champ, and Betty Hicks, defending women's titleholder, will be interviewed.

GIRLS' SOFTBALL MEETING

Members of the girls' softball league are reminded that a meeting will be held this evening at six o'clock on Beatty Field to arrange the second half schedule. Officers will be elected, also, and two practice games will be played.

Edible birds' nests are usually harvested two or three times a season, after which the birds are allowed to raise their broods.

Goosepimples, Fur Coats and Earmuffs In Vogue Early Today

Old Sol got in some good licks today and this afternoon the air was fine and cool but this morning it was just plain cold. The Weatherman sorta got his spigots mixed last night and channeled some October breezes into his July mixture so that the mercury went sliding down until it touched 27 at the Times-Mirror office, while Arch Blowers' thermometer out on Morrison Run did a real skid down to 24 degrees above zero at 6 o'clock this morning. Arch avers that it was so cold that a couple

of bear snooping about his pig pen gave themselves away by the noise made by their teeth chattering and he got up and shooed them away.

Claude Soule, of Stoneham, reports sufficient white frost to cover roofs of buildings early today.

The mark this morning just about sets a record for chills in the jolly old vacation month and on the mountains about the town the campers rolled themselves tighter in their blankets and stayed in the feathers until the sun thawed out the ambient atmosphere. Don Finley stated without a smile that the bass in the streams bit better this morning as they thought fall had arrived and the chill water put life and mettle in their dorsal fins. Knowing bass as he does, this statement betokens better fishing, according to Finley.

In spite of chills, the Beatty circus rolled into town about 2 a. m. and the show folks went into hiding until the sun got up this morning. The elephants staked out on the grass after their arrival here lay down and cuddled up together and went to sleep, possibly dreaming of the far away India with its warm and balmy breezes.

The gals who turn out early to do their stint at the various plants around town stepped faster than normally is done, and most of them wore their coats and wound a rag around their neck of hair.

And the Victory Gardens just stopped growing so great was the shock of the cold night and Ed Lowrey swears that the bean beetles down in Pleasant township shivered so hard that their nippers with which they chew off the plant leaves were loosened so they'll never be the same again.

It's darned cold weather in any man's language when the old mercury gets down to 40 in the good old summer time.

SHEFFIELD NEWS

Sheffield, July 9—The July meeting of the American Legion Auxiliary met Monday evening at the Post Home. Mrs. Blenda Hinkley presided in the absence of the president, Miss Phyllis Epstein. enough older folk will get behind the scheme, the league'll be a success. More details will be published later.

SUGAR GROVE

(From Page Three)

The American League's national service list, which a month ago numbered 268, totaled 261 today with seven players discharged and none entered service since June 11. The league's service bureau said of 261 players now in service Philadelphia contributed the most, 38, followed by Washington's 37; Detroit 35; Chicago 34; Cleveland 32, Boston 29; and New York and St. Louis each 28.

Here and There: Lt. Col. Wallace Wade, back home today from the war in Europe to spend a 30-day leave, says he is anxious to get back to his old job as athletic director and football coach at Duke University. Wade said he had applied for a discharge. . . . The Phillies have optioned Don Grae, former star pitcher and basketball player for Ohio State, to Utica in the Eastern League. . . . From the Sports Roundup of Hugu Fullerton, Jr., concerning the marriage performed at Jamestown's PONY League home plate night before last: "Only Love Is Blind—Ross Badger, a PONY League umpire, and Lucy Hubbard, of Gastonia, N. C., were married at the home plate before a game at Jamestown, N. Y., the other night. . . . Presumably the bride promised to love, honor, and never dispute a decision." . . .

The Memphis Chicks, who sold Pete Gray, the one-armed star, to the St. Louis Browns, have invited Joe Cage, a one-armed Peoria, Ill., semi-pro, to have a tryout.
